

DIY Printable Draw Santa Relay Game

Directions: Print clues (below) and cut out for each team. Divide into 2 teams. Hang two posters on the wall, one for each team. Below each poster is a bowl with clues of items to draw and markers. Make sure you have enough clues for each team member). Both bags contain the same clues. Have teams line up behind a start line, several feet from the posters. On "Go," have the first players run to their poster, choose a clue and draw that part of Santa. What is both fun and tricky is the order in which each team draws the items. For example, a person might draw a beard, before they even had a face drawn, or boots before they had the pants, etc. When the first player is done, they need to run to the end of their team's line and the next person goes and so on. First team to use all their clues for a completed Santa picture wins!

Head	Beard
Shirt	Pants
Boots	Belt
Santa Hat	Eyes
Nose	Rosy Cheeks
Hair	Hands
Star Button	Candy Cane
Toy Bag	Mouth
